The 26<sup>th</sup> day of April, 2025

Good day to you, fellow American State National on Michigan.

The purpose of writing to you is to invite you to be a part of The Michigan Assembly, your Land and Soil Jurisdiction government, which was called into session by the hereditary Head of State of The United States of America in 2019.

Nobody is obligated to serve in their assembly. If you desire to live in the private, of course that is your right. You still have responsibilities as one of the people: Do no harm. Serve on a jury if needed. And you are automatically part of the militia. In the event of an emergency, we all help our fellow man. That said...

We need you! Why? As individual American State Nationals (ASNs), we have our freedom, but there is also the responsibility of self-governing that goes along with that freedom. You are the government! A government of, by, and for the people means each of us has a responsibility to help make our lawful government fully functional.

Our General Assembly is in session. The foundation is set. The frame is up. We welcome you to help us continue in the Assembling phase of this grand reconstruction.

**Participate in The Michigan Assembly by taking the following steps:**

1. Declare and Publish your corrected political status as an American State National.  
*You've already done this!*
2. Publish on the Land Recording Office your letter and proof of delivery canceling any actual or presumed Voter Registration.  
*Need assistance? <https://mymichiganassembly.land/contact-us/>*
3. Declare your intention to participate by coming to an Orientation class.  
*Contact us for the date and time of the next Orientation.  
<https://mymichiganassembly.land/contact-us/>*
4. Participate and let your voice be heard!

We eagerly look forward to meeting you and working with you to build a bright future for all,

Due to damages done, perpetrations upon us all and until we can all self govern from healthy places, today - we take the time to define our values to find peace among us as we serve toward Freeing all and restoring our American Government of, by and for the people while under protection of full disclosure and horizons of standards.
