# The Michigan Assembly Proposal

---

**Proposal Designation:** GA-20250003 **Version:** 1 **Committee:** Records

---

**Proposal Title:** Use of Closed Captioning

---

**Proposal Language:**

Shall The Michigan Assembly approve the use of Closed Captioning transcriptions during any GA and/or Committee Meeting?

---

**Describe how this proposal serves:**

Closed captioning assists people during meetings to better comprehend what is being said.  
This is not AI. It is not connected to the AI Companion service in Zoom. AI Companion would not be turned on.

---

**Sponsor:** Amy Hunt, interim Records Committee Chair

---

**Assemblymen who worked on the proposal:**

Amy Hunt, Richard Saroni, Linda Steinke

---

**Proposal Written Date:** May 12, 2025

---

**Proposal Read at GA Date:**

---

**Committee Delegated to, Instructions and Vote Result:**

---

**Reconsidered Date:**

---

**Disposition and Vote Result:**

---

**Support from Other Committees:**

---

**Treasury Opinion and Funds Supported:** No funds needed.

---

**Dissenting Views and their Consideration:**

While developing this proposal, there were dissenting views from Nigel Turtle and Mariana Forrest regarding the use of AI services. These views are recorded in the Records Committee meeting minutes from June 6, 2025. The committee decided to change the proposal to only use a Zoom function that does not incorporate AI.

---

**Notes:**

When Closed Captioning is turned on in a meeting, people would receive a message on their screen saying, "This meeting is being transcribed."

Zoom uses the words "transcription" and "Closed Captioning" to mean the same thing.

Zoom does not save these transcriptions automatically on our Zoom account. These transcripts must be saved manually at each meeting.

This would allow individual men and women to save the transcripts to their computer if they desire.

If Closed Captioning is turned on in a committee meeting, this would allow a committee to save the transcript and attach it to their meeting minutes or upload as a separate file on the GA member website should they desire.

This proposal is not recommending attaching transcripts directly to publicly available General Assembly minutes.
