Provisional Document Status

Proposal Information

Proposal Question: Shall the General Assembly create a guideline document status called "Provisional" to indicate acceptance of a specific document for ongoing use and practice during development and modification?

Origination Details:

We have a number of documents that the GA has not approved but, are in use in varying degrees. We also have acquired more provisional documents from Ohio that we would like to adopt while we adjust them for Michigan. These provisional documents are the product of a standing, seated, functional and federation approved States. We may get some from other States.

Describe how this proposal serves and/or protects the people on Michigan:

As The Michigan Assembly develops its processes and guideline documentation, there is a need for the people to oversee and assent to what is being developed prior to ultimate full approval. Developing guidelines is an iterative process, requiring formulation of ideas, composition of clear and descriptive texts, practicing what is created to demonstrate its practicality and effectiveness, and making adjustments where necessary. Granting authority to committees and working groups to do the writing and research is essential for getting the work done, but the people must remain in ultimate control of what is produced.

Michigan Assembly digital monthly Newsletter

Proposal Information

Proposal Question: Shall we use a Newsletter for Outreach?

Origination Details:

Since this new version 4.0 of our Michigan Assembly started back in April 2024, we have only reached out to all ASNs on Michigan via a postal letter to inform them that we are assembling and to invite them to join us. That outreach decision involved a lot of planning and joint efforts, however, hardly any ASNs responded to our call.

Therefore, our committee is determined to try a more efficient and regular way to communicate State and National updates via a monthly newsletter to keep people informed about our progress and peek their interest in joining us by sharing success stories as well as concrete needs and roles needed to be filled in order to stand up our four pillars and ultimately our Assembly.

Describe how this proposal serves and/or protects the people on Michigan:

Provides up-to-date information and education to Assembly members and the large ASNs community on Michigan

Simple way to engage more people to join the People constructing our governance

Easy way for ASNs to share official and accurate information about the Assembly with others who might become Michigan ASNs

Offers details of how to correct the political status to share with family and friends via email/phone text/social media

Newsletter/Blog can also potentially spread nationwide helping other assemblies with their efforts to attract more people to our mission

All this makes the whole community an outreach body!

Summary and/or Link(s) to Relevant Document(s):

Simple communication with main topics such as:

1. Latest progress on Michigan and other States
 2. Announcements about yearly national and regular face to face events on Michigan
 3. Sharing educational materials
 4. Links and direction to our websites for public, ASNs and private Assembly Members
 5. Clean and simple format with pillar news quick and engaging to read
 6. Open our channels for people's feedback and to let us know what they would like to see in our newsletter
 7. Three people will have access to Mailer Lite (newsletter creator platform), so other committees
- All this will hopefully encourage readers to get more involved in the construction process, and future public service
