 - Still in committee and near the top of the agenda. The “Good Standing Procedure” has been reviewed.
- **Provisional Document Status** (GA Working Group)

 - The “current guidelines” page was shared showing the different statuses available to select for documents. The proposal was read through again.
 - Labeling a document as “provisional” allows the GA to adopt them for use but they can still be revised before becoming GA approved. This will be utilized for the Ohio Jural documents we received recently.
 - There was no discussion or further dissent from the GA members present. The GA agreed to vote tonight.

 - Proposal Designation: **GA-20260034** [Time stamp 00:56:40]
 - *Shall the GA accept the Sessions Calendar proposed by the Sessions Committee for 2026?*
 - The proposed “time off for the GA business meetings” would run from July 8th, 2026 through August 8th, 2026 with the next GA business meeting scheduled for August 18th, 2026. Time in September from the 5th to the 19th is also proposed in the break so people can attend the Third Annual Family Reunion on Pennsylvania. Committees may still meet during this time and will be determined by each committee.
 - The GA discussed this and several points were brought up, explained and clarified.
 - [Time stamp 01:11:30] The proposal was presented as “urgent” so that the break could start July 8th, 2026. Rick Worden asked if anyone thought it was not urgent or didn’t want to vote tonight. There was no response so the GA went ahead and voted on the proposal.
 - [Time stamp 01:12:00] Linda Steinke directed the Roll Call vote. Jan Buzard assisted with the vote tally on the screen. The GA waited for the results to be reported.
 - **RESULTS: YES = 12 NO = 1 PASSED** [1 Present, 43 Absent]

The Michigan Assembly
Proposal
Designation GA-20260033
Provisional Document Status

Proposal Information

Proposal Question: Shall the General Assembly create a guideline document *status* called "Provisional" to indicate acceptance of a specific document for ongoing use and practice during development and modification?

Origination Details:

We have a number of documents that the GA has not approved but, are in use in varying degrees. We also have acquired more provisional documents from Ohio that we would like to adopt while we adjust them for Michigan. These provisional documents are the product of a standing, seated, functional and federation approved States. We may get some from other States.

Describe how this proposal serves and/or protects the people on Michigan:

As The Michigan Assembly develops its processes and guideline documentation, there is a need for the people to oversee and assent to what is being developed prior to ultimate full approval. Developing guidelines is an iterative process, requiring formulation of ideas, composition of clear and descriptive texts, practicing what is created to demonstrate its practicality and effectiveness, and making adjustments where necessary. Granting authority to committees and working groups to do the writing and research is essential for getting the work done, but the people must remain in ultimate control of what is produced.

The Michigan Assembly
Proposal
Designation GA-20260034
2026 Sessions Calendar

Proposal Information

Proposal Question: Shall the GA accept the Sessions Calendar proposed by the Sessions Committee for 2026?

Origination Details:

We need to take breaks now and then. Some people plant and harvest and that takes a lot of time and energy, and in the UP the growing season is very short. People do not want to be in session while kids are on break or are getting ready to go back to school. Also, in the future when we are interfacing with our subcontractors our calendars will need to mirror each other because we will be working together. The Sessions Committee is supposed to define these things, and we need to learn how to do it. The Sessions Committee discussed this on July 1 and suggested we ask for the GA's approval.

Describe how this proposal serves and/or protects the people on Michigan:

Occasional and regular breaks are necessary to keep people fresh and productive, so they can do a good job for the people on Michigan.

Summary and/or Link(s) to Relevant Document(s):

The proposed 2026 calendar is attached.

01:52:47 *Fredrick Gaylen Minamyer - Lapeer County: Something to consider as one of the founding blocks, is to get everybody some sort of an identifier so that he is identifiable in the midst of a disaster. And we're always going to have to interact with different levels of government, different layers, if you will, to a greater or lesser extent. And so being able to identify yourself as a member of the local militia helps you, and helps them. All the people that rush in from outside during a disaster. I really have to give North Carolina a big round of applause, because even though their coordinator was out of state during Helene, their Marshal at Arms was able to identify and locate everybody in that assembly within hours. Anna's Podcast #35 on 5-27-2025 <http://www.annavonreitz.com/videos.html>- excerpt titled " Switzerland cantons ".
